Language of the Course	Japanese
Learning Methods	Listening and watching face-to-face/online class: Listening and watching a lecture, video, or demonstration, face-to-face or via online (e.g., attending a face-to-face lecture, watching an on-demand video) Discussion: Learning through question-and-answer interactions and exchanges of opinions among students and between students and the instructor (e.g., pair/group discussion, online chat, one-on-one guidance for writing an academic paper) Collaborative work: Working as a pair or a group (e.g., producing a poster through group work) Experience/practice: Learning from experience- and practice-based activities, and feedback on such activities (e.g., solving problems; laboratory work using instruments; on-campus and off-campus practical training; skills practice including sporting skills; project-based learning; internship) Presentation: Writing papers, making presentations, and creating works (e.g., report writing, oral/poster presentation, creation of works, portfolio development)
Course Objectives	[Objective] To gain business experience and economic and management opinions through internships. [Outline] This course consists of 3parts—lecture(Apr~Jul), internship(Aug,Sep), report conference by all members(Sep). Instructor has about 5~10 quota as the maximum number of students to allow to participate in internship. If students attending this course exceed the quota, instructor sort out the participants out of applicants. Students left out the selection must participate in public internship

The total number of students may be changed.		
Learning Goals	1	Can analyze the characteristics of specific industries and companies based on the characteristics of the Japanese economy and companies.
	2	Acquire the fundamentals of logical thinking, documentation, and presentation skill to contribute to the internship company as an intern.
	3	By gaining work experience in an industry of interest, students can use it as a reference for choosing a career path, etc.
	4	By actually being involved in operations as an intern, gaining practical experience.
Requirements, Prerequisites	1) Participation in a 2-week internship during the summer vacation period (late August to mid-September) is required. 2) Attend the first lecture as much as possible. At this point, an overview of the lecture will be given. No credits will be granted for students who do not attend at least 2/3 of the lectures. (3) Insurance is required for participation in the internship (the cost is about 3~4,000 yen). (4) After participating in the internship, students are required to prepare a report and present it at a presentation meeting. In principle, students must bear their own expenses related to the internship.
